Wellesley College Computer Science Dept, Wellesley, MA

Science Center Summer Research Awards Researcher, Summer 2011

Advisor: Professor Panagiotis Takis Metaxas

Authored a Java-based application that assigns components of the Web Graph by using methods of preferential and random attachment and the bow-tie Web topology.

MIT, Cambridge, MA

Freelance UI/UX Designer, Summer 2011 & Undergraduate Researcher, Spring 2011

Advisor: Professor Nitin Sawhney

Co-designed a mobile app known as Aago to help young media producers collect, curate, and disseminate content. Engaged in inception-stage brainstorming with programmers to iterate and design the user interface for Aago. Coordinated with local nonprofit youth organizations to pitch deliverables and conduct user testing with the app prototype.
